Abstract: This control number applies to the exploration, development, and utilization of oil shale resources on the BLM-managed public lands. Currently, the only oil shale leases issued by the BLM are research, development, and demonstration (RD&D) leases.

However, the BLM regulations provide a framework for commercial oil shale leasing and additionally include provisions for conversion of RD&D leases to commercial leases.

Section 369 of the Energy Policy Act (42 U.S.C. 15927) addresses oil shale development and authorizes the Secretary of the Interior to establish regulations for a commercial leasing program for oil shale. The Mineral Leasing Act of 1920 (30 U.S.C. 241(a)) provides the authority for the BLM to allow for the exploration, development, and utilization of oil shale resources on the BLM-managed public lands. Additional statutory authorities for the oil shale program are: (1) The Mineral Leasing Act for Acquired Lands of 1947 (30 U.S.C. 351-359); and (2) The Federal Land Policy and Management Act (FLPMA) of 1976 (43 U.S.C. 1701 et seq., including 43 U.S.C. 1732). The information collections discussed in the supporting statement are called for in the regulations implementing these statutory authorities.
